BRIEF ABSTRACT OF LETTER.

Forwards certain additions & alterations to the statement showing the reorganisation of the Health Dept sanctioned in Govt no 6680-730/San 5S 27-36 of 28-11-1929.

NOTES AND ORDERS.

Subd. Dr Swab has moved the Govt
(1) Redistribution of the staff so as to group them under different Circles as sanctioned in Govt no.
(2) Promotion of some of the sanctioned appointments

appointments such as Bacteriology Health Officers (anti-rabic staffs) Sub Assistant Surgeons Laboratory work etc.

(3) Grant appointments ~~of~~ ~~or~~ or promotions to existing people to higher grades such as (a) one extra Health Officer on Rs 200-20-600 against the Health Officer of Bangalore at who is to retire in April next. (b) One Asst Health Officer on Rs 180+50 to be promoted to Rs 200-20-600 and (c) appointment of 3 additional Sanitary Inspectors on Rs 60-5-100

2) Before taking any action about the reporting, ~~promo~~ promoting or appointing as recommended by Dr. Sweet, it appears necessary to pass orders on the allocation of the staff as at present sanctioned in the new formation orders, for which proposals have been called from the Director of Health, ~~and~~ A copy of Dr. Sweet's present letter is stated to have been sent to the Director of Health also. May the receipt of the ~~proposals~~ ~~allocation~~ for allocation be awaited?

18/XI (3) It is difficult to understand the ~~re~~ arrangement of staff ~~as~~ proposed by Dr. Sweet. He has evidently taken into consideration the required staff that may eventually be required and not immediately. The allocation of ~~staff~~ the existing staff in the sanctioned grades is true

If any modification of the scale sanctioned in order No.G.6680-730/Sany.55-27-34 dated 28th November 29 is contemplated and if the financial effect of this modification is to be ascertained then a proposition statement in the prescribed form prepared in accordance with the instructions contained in Article 71 M.C.A.C.Vol.I. will be necessary for verification

If information regarding the extra cost involved during the current year as a result of the revision is required in respect of the entire department, details of the allocation of officers and officials in the several appointments sanctioned and in regard to their starting pay will be necessary. Actual excess cost over the budget provision for the year during the current year cannot be determined with reference to the average pay of appointments in the several grades. Details of expenditure so far incurred and yet to be incurred during the current year will also be necessary in respect of the lump sum provisions. to ascertain the extra cost under each head.

Details obtained as mentioned above will also facilitate the preparation of the next years budget and the determination of the supplementary grant if any required during the current year.

The following are sanctioned items which were not taken into account in the reorganisation order and which may therefore be regarded as omissions :-

1. 3 Health Probationers 100 (1st year 150 (2nd year)
   3 Clerks on 30-1-35
   3 Peons on Rs.10 (not Rs.12 as noted in the draft order)
2. Duty allowance to Health Officer Rs.50
3. Malarial Stations
   Local Allowance to Sub Assistant Surgeons 3 @ 15
   Special Localities allowance to staff @ one anna in the rupee.
4. Vaccine Institute. Allowance to Sub Asstt: Surgeon Rs.20.
5. Fixed T.A. to the staff of Rural Health Unit Rs.78.

The other items were included in the columns for present scale as noted in the Government Order sanctioning the reorganisation scheme not shown in the column for sanctioned scale. It cannot therefore be stated that they are more omissions. They constitute new proposals for fresh sanction.

The pay of the peons sanctioned for the District Health Officers, Shimoga and Kadur originally was Rs.10 each and not Rs.12 as noted in the draft order.

The sanctioned pay of the Sanitary Inspector under Bureau of Health Education as per reorganisation scheme is Rs.77/- and the alteration of the scale is a new proposal requiring fresh sanction.

V. Thamane
Comptroller.

25/ (1) There is no change & the items have been included in the draft.

(2) The other items referred to were also sanctioned items (included in the present scale in the G.O.) but omitted by the Director ~~in the note~~ by mistake in the proposed scale. Some of them were also sanctioned when the G.O. was under consideration. Hence, they are not new items to be sanctioned afresh.

(3) The changes pointed out have been incorporated.

(4) The sum of Rs 77 given is the average pay. The budget gives the scale correctly - Rs 67-4-87. This is also a sanctioned item (the scale of pay) and Rs 77 given in the statement attached to the G.O. is a mistake for Rs 67-4-87.

61) The extra cost (actual) on the basis of the statement prepared stands at Rs 623 per mensem or Rs 7,476 per annum. Re total actual cost of the proposed Revision works to Rs 1,15,572 per annum. A sum of Rs 15,960 is shown in the Budget for 30-31 as recoverable from Municipalities and deducting this sum the cost of Revised Estt. will stand at Rs 99,612. The total provided for in the Budget however stands at 1,06,822 (vide page 140). As in some cases, scales of pay differ from those provided for in the Budget shown in the draft perhaps it would be safer to get the statement verified by the Comptroller.

69 As personally instructed by the Chief Secy, the net result of the allocation proposals has been worked out with reference to the provision made in the budget. The result is based on the following principles:-

1. Against places shown as "Vacant", three months' pay of the respective appts: has been shown as savings.

2. Increase of pay is calculated from 1st of July 1930, as indicated in the statement.

3. Advance increments slightly reduced in some cases as proposed in the statement.

70 The calculations show a net savings to the extent of over Rs 6,000 in round figures during the current year.

The allocation also provides for the following number of the officers of the grade of Health officers:-

Final Note by the Second Member of Council.

Subject:—

Allocation of officers and establishment of the Department of Health in the new grades recently sanctioned.

In November 1929, the Government sanctioned the reorganisation of the Health Department and in March 1930 certain additions to the scale of establishment already sanctioned were made. The Director of Health, in consultation with Dr. W.C. Sweet, has forwarded his proposals for the allocation of officers and establishment of the Health Department in the new scales of pay sanctioned. The proposals have been verified by the Secretariat and the Financial Department and the accompanying draft Government Order sanctioning the main recommendations of the Director of Health with a few slight modifications is proposed to be issued.

The extra cost involved in these arrangements excluding the charges debitable to local funds will be met from the anticipated savings due to a number of sanctioned appointments having been kept vacant during the current year.

The Dewan and the other Members of Council have agreed to the draft Government Order, and I solicit His Highness' gracious sanction thereto.

6 DEC. 1929

D.O. No. T 209

Office of the Consultant in Health
with the Government of Mysore,
Bangalore, dated, 5th December '29.

Dear Mr. Ranga Rao,

There are certain difficulties in the sanctioned scale for establishment in the re-organization order issued the 28th November 1929. There are three important omissions and some re-arrangement of items between the various Bureaus should be made. I am sending with this a budget which is the same as the published one except that the whole Department has been divided amongst the Bureaus, the omissions have been included, and 3 peons and one sweeper added. I am sending a copy of this to Dr. Karve to be sure that everything is correct. He will doubtless write to you about it later.

I should think that this budget and all future budgets should be arranged in the way which I have suggested. You will note that the Director of Health and the Consultant in Health are placed first and that all other personnel is included under the seven Bureaus sanctioned. The arrangement of the budget published with the Government Order is confusing and does not put into force the Bureaus which the body of the Order sanctions.

There are certain omissions of officers already

sanctioned which I have included in my budget. Under the Bureau of Administration it will be necessary for us to have two health officers, who should be on the 200-20-400 grade in accordance with the issued order. This is to make a place for the District Health Officer of Shimoga and for one extra District Health Officer whom we will have consequent upon the re-arrangement of staff when the present Bangalore City Health Officer retires in April. Also under this Bureau, I have included the 3 probationary health officers who were omitted from the original order. Under the Bureau of Epidemiology and Communicable Diseases, one sub-assistant surgeon previously sanctioned for hookworm control work was omitted and I have included him on his old grade. He is now receiving the maximum in that grade. Under the Bureau of Health Education, the reserve sanitary inspector was included on a flat pay of Rs.77 per month. This man is an old employee in the grade of 67-4-87 and the correction has been made in my draft.

Under the Bureau of Epidemiology and Communicable Diseases, the order provides for 3 health officers on 200-20-400 and one assistant health officer for hookworm work on 150-10-200. The man occupying this latter position is now drawing Rs.180/- pay plus Rs.50/- allowance in lieu of private practice. Under these circumstances, I have suggested in my budget that the Bureau have 4 health officers on 200-20-400 instead of 3 on one grade and one on another.

Under the staff of the Stations for the Study of

Malaria 3 sub-assistant surgeons have been sanctioned. They draw a personal allowance of Rs.15/- per mensem and the remaining staff draw a locality allowance of one anna per rupee of pay. These allowances were not included in the published order and I have not included them in my draft as I was not sure just how they should be shown. They should, however, be shown in the budget in some way, so that the Comptroller will not object to the payments.

As is usual for heads of departments, I have included 2 peons for the Director of Health and 2 for myself. This re-arrangement makes necessary 3 new peons above the published order. Since no sweeper was sanctioned in the published budget for any part of the Department of Health, I have included a sweeper under the Bureau of Epidemiology and Communicable Diseases. All other changes are simply a matter of re-arrangement and make no difference in the total budget.

You will notice that this makes a sanctioned scale for establishment of Rs. 1,10,230 8/15 plus travelling allowances of Rs. 15,000/- so that the real extra cost of the new scheme is Rs. 26,317 8/15. In addition to this amount, Government has promised to find Rs. 9,000/- for the Sanitary Engineer's budget from January to July. Of this Rs. 9,000/- the Foundation will eventually pay back Rs. 6,750/-. It will also be necessary to have a sum of Rs. 10,000/- for permanent equipment, which amount will be received from the Rockefeller Foundation as its donation to the malaria and rural health work already running for a period of one year.

In this connection I might point out that Government promised the Rockefeller Foundation to increase the budget of the Department of Health by one lakh. So far this has not been done, in spite of the fact that other Departments of Government, notably Education and Agriculture, received increases in budget allotments this year of considerably over one lakh. It is very difficult to explain to the Rockefeller Foundation the failure of Government to give the extra money to the Department of Health as promised when it has been able to give extra money for other Departments.

I think that the budget which I am sending you with this covers most of the necessary points, but I will ask Dr. Karve to go over it and submit as early as possible any further suggestions which he may have. Certain re-arrangements of status of officers become necessary under the grades sanctioned in the body of the re-organization order but these have been allowed to stand over for the present. They will be taken up later on.

Yours sincerely,

W. C. Sweet,
Consultant in Health.

3/1/1930

SIR,

Ref: - Government Order No. G. 6684-730/Sany. 55-27-34 dated the 28th November 1929 sanctioning the Re-organisation of the Public Health Department.

Dr.Sweet's Letter No. T. 209 dated 5th December 1929 to the General Secretary to Government transmitting a revised Budget with items re-arranged and making certain observations and suggesting that I should submit any further suggestions I may have, to Government

With reference to the above I have the honour to transmit herewith a re-organisation Budget incorporating all that has been noted in Dr. Sweet's Letter as also further alterations.

The average in certain cases put down by me are only approximate as I am not aware of the basis on which the Comptroller calculates these.

It may be observed that the total of the Budget exclusive of the cost of the Bureaux of Sanitary Engineering comes to Rs. 195,235

The actual cost during the current year will of course be less, somewhere approximately Rs. 172,000 in round figures

Budget figure is based on averages while the actuals will in a number of cases be below the averages.

If Government are pleased to approve of the enclosed Budget and permit me to prepare the allocation statement on its basis, I shall work it up and submit it to Government for Orders.

I have the honour to be

Sir,

Your most obedient servant

Director of Health

MYSORE DEPARTMENT OF HEALTH

Director of Health with the Government of His Highness the Maharaja of Mysore,
Bangalore.

Sans 6.7-29-6

To

N.Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

SIR,

I have the honour to forward herewith for favour of perusal Government copy of Dr. W.C.Sweet's D.O. No. T. 351 dated the 28th March 1930 to me, recommending proposals for fixing up certain technical Officers in Bureaus under his control (Epidemiology and Communicable Diseases, Rural Health), in one or other of the three grades of Health Officers sanctioned in Government Order No. G. 6680-730/Sany. 55-27-34 dated 28th November 1929 for reasons stated and suggesting that I may add to his list, Officers of other Bureaus for similar treatment and to state that I fully concur with him in the proposals. As observed by him there is at present considerabl confusion owing to varying grades of pay in the several Bureaus and there is every need for uniformity. I would particularly invite attention to the last para of his letter. To keep the men already employed satisfied and also to attract proper men to Health Careers recognised scales of pay with reasonable prospects of rise will have to be adopted.

The number of technical officers in the several Bureaus whose cases have to be immediately considered are 13 and they are noted hereunder . -

I. Bureau of Administration. -

1. Mr. S.Ramachandra Rao, L.M. S.,
2. Mr. G.N.Seshadri, L.M.S.,

II. Bureau of Laboratories.

(a) Public Health Institute.

1. The Assistant Superintendent.
2. The Sub-Assistant Superintendent.

(b) Vaccine Institute

1. Mr. J.A.Iswaramurthy, B.A., L.M.S., B.S.Sc.,
2. Medical Graduate
3. Sub-Assistant Surgeon

III. Bureau of Epidemiology and Communicable Diseases.

1. Mr. V.L. Padike, M.B.B.S.,
2. Three Chief Sanitary Inspectors.
   (a) Mr. N. Krishnamurthy,
   (b) Mr. D. Nursingh
   (c) Mr. J.J.Simon.

IV. Bureau of Rural Health.

1. Assistant Health Officer, Mr. M. Narayana Iyengar.
2. Sub-Assistant Surgeon, Mr.S.P.Madhavachar.

Mr. Sweet in his letter has given in detail,proposals, for six officers of the Bureau of Epidemiology and Communicable Diseases and Rural Health. I will not therefore repeat them here. I will confine myself to the 7 officers of the Bureaus of Administration and Laboratories.

Bureau of Administration

Messrs. S.Ramachandra Rao and G.N.Seshadri. -

These men are lent officers. It is proposed that they may be permanently drafted to the Health Department and placed in 200-20-400 grade of Health Officers, Mr. S.Ramachandra Rao being given a starting salary of Rs. 360/- and Mr. G.N.Seshadri of Rs. 240/- . The former is now drawing Rs. 320 plus Rs. 50/- L.A. and the latter Rs. 200/- plus L.A.

Bureau of Laboratories. - Mr. J.A.Iswaramurthy,

He is in charge of the Vaccine Institute. It is proposed to make him sub-pro-tem in the budgetted scale of 400-30-700 Vice Mr. Parthasarathy on other duty. In view of the very responsible

charge he holds and also in consideration of the satisfactory manner in which he has been conducting his ~~outdoor~~ on or out work, his case is urged.

There are two assistants in the Public Health Institute and two in the Vaccine Institute at present. Proposals are before Government for increasing the number of assistants in the Public Health Institute. It is recommended that all these assistants be treated as 3rd class Health Officers, grade 75-5-100-10-200. A change in their designations seems also called for. In the case of the Vaccine Institute, the Assistants may be designated Senior and Junior and in the case of the Public Health Institute the designations may be sectional and if in any section there are more than one they may be called Senior and Junior as in the case of the Vaccine Institute. For instance in the Chemistry Section, there may be a Senior and Junior Chemistry Assistant.

Needless to state that as a general policy, officers recruited to this Department and fixed up in the reorganised scales, are not entitled to transfer to the Medical Department. In cases, where officers under exigencies of service are loaned from the Medical Department they will draw their grade pay of that Department, plus such allowances as Government are pleased to sanction to them.

I enclose for ready reference a tabular statement embodying the above proposals.

I commend the proposals for favourable consideration and early orders of Government.

I have the honour to be

Sir,

Your most obedient servant

Director of Health.

D.O.No.T. 351 dated 28th March 1930 from Dr.W.C.Sweet,B.Sc., M.D., &c., Consultant in Health in Mysore to the Director of Health in Mysore, Bangalore.

The scientific staff at present working in the Department of Health are in several different grades and in many cases are simply on loan from the Medical Department. Such a condition of affairs leads to considerable confusion and also to dissatisfaction on the part of the men concerned since their status is undermined. In view of the fact that Government Order No. G. 5630-730/Sany. 55-27-34 dated the 28th November 1929, for the re-organisation of the Department of Health, in paragraph 7 sanctioned three classes of Health Officers, and since in Government Order No. 11565-8/Sany. 67-29-4 dated the 20th March 1930, Government asked for proposals as to the placing of certain personnel on the permanent grades, I am sending you with this proposals for the medical men on the staff of the Bureaus of Epidemiology and Communicable Diseases and of Rural Health. I understand that you also have certain proposals in regard to regularising the position of other medical men in other Bureaus.

Under the Bureau of Epidemiology and Communicable diseases, there is one officer in charge of Hookworm Work who is at present simply loaned from the Medical Department. This is V.L.Padike whose pay is at present Rs. 180/- plus Rs. 50/-, special allowance. I would propose that Mr. Padke be appointed a Second Class Health Officer on the grade of Rs. 200-20-400, the starting pay in this grade being Rs. 220/-.

Under the same Bureau there are 3 Chief Sanitary Inspectors who are still on a maximum Medical Department pay of Rs.150/-. These men have been working now for almost two years in the stations for the study of Malaria and have given very satisfactory service. I would suggest that these 3 men be classed as Third Class Health Officers on the grade of Rs. 75-5-100-10-200. These men, with the pay proposed for them in this grade, are as follows.

Mr.H.Krishnamurthy,	...	160
" D.Nursingh	...	160
" J.J.Simon	...	150

Under the Bureau of Rural Health the Assistant Health Officer is at present on a pay of Rs. 75/- with no grade. He assumed this appointment a year ago after some months of experience in the Malaria Stations. I would recommend that Mr. M. Narayana Iyengar be made a Third Class Health Officer on Rs. 75-5-100-10-200, his pay to be Rs. 80/-.

Another Sub-Assistant Surgeon Mr. S.B.Madhavachar, started work in the Stations for the study of Malaria on January 7th, 1929. Since July of last year, he has been working as Malarial Officer, Bangalore City and has been giving every satisfaction. I would propose that he be appointed a Third Class Health Officer on Rs. 75-5-100-10-200, starting pay to be Rs. 80/-. The expense of this appointment will be borne by the Bangalore City Municipality for the present. If for any reason the antimalaria work in the City is discontinued there will be a vacancy for a Third Class Health Officer in the Bureau of Epidemiology and Communicable Diseases.

The effect of placing these men all on the recognised scales with settled future prospects will be very great in giving more satisfaction to the staff already employed and will also make it easier for us to find candidates for new appointments from the Medical Department. I hope that Government will be able to place the whole Department on the scales already published. The appointments might date from July 1, 1930.
